Officers charge that they found two polyethylene bags containing a vegetable substance that resembles marijuana on the floor of his auto. A passenger in his car got out and drifted away while officers were interrogating Krawchak.

U.S. Aid Seen For Brookside Ditch

The drainage ditch which has plagued Brookside residents for so many years is going to get a study.

Supervisor Henry Boney, earlier this month, secured approval from his fellow supervisors to study the drainage ditch problem.

This is the first step, he said, in justifying a federally financed project to improve drainage ditches in the Spring Valley drainage basin.

Supervisor Boney has pointed out that the "drainage ditch problem in Brookside is unique. A 1963 State subdivision law now places the responsibility for improving such drains with the subdivider." This means that future residential communities will be protected against drainage ditch problems.

Brogan Heads Teacher Assn.

Thomas E. Brogan, teacher at Lemon Grove Junior High, is president for the 1965-1966 school year for the Lemon Grove district of the California Teachers Association. He was installed recently at colorful ceremonies at the group's installation dinner at the Lemon Grove Junior High auditorium.

Others serving with Brogan include William Whitley, first vice president; Joan Wittrock, second vice president; Dorothy Kooyman, secretary; Sal Balderas, treasurer; Olin Martin, auditor; and James Dawson, CTA representative to Southern Council.

John Orcutt, CTA coordinator of the San Diego office, was installing officer. Dr. Lionel DeSilva, executive secretary of the California Teachers Association, Southern Section, was the dinner speaker.

Mrs. Mary Louise Dawson, public relations committee chairman for the local district, received a commendation from the county organization for outstanding work. Mrs. Betty Higgins made the presentation.

Mr. and Mrs. Wiley Cornelius introduced their two "daughters," both active in exchange student activities.

One "daughter," Suely Sepra a student from Brazil now residing with the Cornelius family, spoke to the guests on high schools and colleges of her native land.

Tempy Dell Cornelius then sang for the audience and spoke on the exchange program. Both girls are students this year at Mount Miguel High School.

Ralene Keller, LGDTA social chairman, was in charge of program and decorations.

MARVIN JACKSON RESIGNS

Marvin Jackson, one of the original board members of the Grossmont hospital board resigned from the board recently.

Jackson was originally appointed by the County Board of Supervisors at the district's inception in 1952. He has served continuously since.

CONTROVERSIAL SITE — Shaded area shows Department for $15-million hospital prison site being considered by state Corrections on Monte Vista Ranch in east Spring Valley.

SAN DIEGO (CNA) — The County Board of Supervisors Tuesday refused to change its stand that it welcomes a state prison medical facility in this county but that it will not approve or disapprove any site.

The Department of Corrections was to take its recommendation for an East County site at Jamacha Blvd., and Willow Glen Dr. east of Spring Valley before the State Assembly Ways and Means committtee in the attempt to get an appropriation of $1,000,000 for the purchase of the site.

Second District Supervisor Henry Boney drew applause from the 100 or so residents at the board meeting when he said he was going to be at the meeting in individual opposition. The site selection was made public Thursday as the top priority choice of the department.

Avoid Taking Stand

Supervisors were able to avoid taking a stand on the site on what is known as Monte Vista Ranch because the matter is not theirs for decision The state has not asked for detailed analysis by the county. The area is unzoned and, as such, the prison would be a proper use. Even if it were not, the state could override county zoning regulations, according to County Counsel Bertram McLees.

While reports have circulated that the site is almost certain to be adopted by the state, W. D. Achuff, acting chief of community correctional services, told the Review-Bulletin:

"It is not certain that this is THE site."

He said that before any further action can be taken an engineering report must be completed, which will be "in the next couple of weeks." However, he added:

"We've been assured by the Otay Water District that they would supply water, and by the Sweetwater Sewer District that they can handle the sewage problem."

Only 2 Given Floor

The group at Tuesday's meeting was most vocal in its disapproval of the site and the swiftness of the action. Only two representatives were allowed to speak but there was no question but that the east county residents got their points across to the board. They came from Mt. Helix, Spring Valley, Calavo Gardens, Avocado Estates and Shadow Hills.

Support for the project has come from local businessmen.

Fifth District Supervisor Robert Cozens objected to allowing anyone to speak. He said that he had had requests from persons in his district, notably Poway, for a public hearing and that "if we have a hearing, everyone should be heard."

Supervisor De Graff Austin said the state site is in the worst possible location. He said the Sweetwater River Valley location is a natural area for fine homes.

The San Diego County Board of Young Republicans held it's monthly meeting May 12 at Harold's Club and adopted two resolutions.

One was to support President Johnson's Viet Nam policy of strength and determination to uphold honor and freedom for all people.

The other was in opposition to proposals in the California legislature to adopt a program of withholding of income taxes.

Sgt. William B. Kolender of the public relations and training departments of the San Diego Police Department later spoke about the police department's relationship with minority and various ethnic groups within the city.

Drop Ins and Drop Outs In Program

So now we've got perpetual motion in the President's-Governor's brand-new Aid to Education Program.

The program concerns itself with dropouts.

Here's how it works.

President Johnson and Governor Brown are of the opinion that the way to get dropouts back into the educational program is to give them gainful employment. Find them a job that won't interfere with their school schedule and you've got the dropout problem licked, is their philosophy.

It worked that way, too — after a fashion.

A job was found for a dropout young lady on her agreement to re-enter school.

She was happy with her new found job and re-entered school.

The job she got was a replacement. The girl she replaced was separated. The girl who was separated was attending school.

When she lost her job she quit school!

The program gained a school returnee.

It also gained a dropout!

Government Control in Battle With Private Enterprise

Background of the free enterprise system is the small businessman. Lo, he works astutely but his number is diminishing

He is being pressured out of busines by government- induced circumtances.

Hardly a small-businessman hasn't said to himself recently: "Why do I use up so much of my energy to meet my tax obligations? My employes make more than I do. The don't take business worries home with them. They take off whenever they feel unable to work. I have to be here all the time. If I don't file a return, or return a report I may be jailed or otherwise penalized!"

Yet, government is applying more and more pressure to the small businessman. The big ones are not immune but most of them have managers for every department, so the worry here is strictly professional.

Do you know why government in its collossal lack of wisdom, is liquidating the small fellows? Without these guys, the bureaus would have little or no resistance to his ministration or to larger bureaus.

Look about you and count the number of businesses that have failed locally. A spokesman for San Diego's biggest credit information firm said last week that 30 per cent of all San Diego businesses had been in the hands of his firm at one time

L.G. School Board Opposes Merger

The Lemon Grove Elementary school district board of trustees went on record last week as opposing the proposal to merge the 10 school districts in the east county.

They approved the only other choice-a two-district set-up.

The board voiced its opinion in a letter to the county Committee on School District Organization.

Meeting Slated to Form Youth Counseling Body

Members of the Mount Miguel PTA and of agencies concerned with juvenile problems will meet Monday at 7:30 p.m. at the school with the purpose of forming a community counseling group.

The announcement of the meeting was made jointly by Mrs. Rene J. Collette, the school's PTA president, and Charles E. Mosse, Mt. Miguel counselor and chairman pro-tem of the meeting.

Their announcement said that those attending hope to try to "get reaction with others in the community as to the most appropriate course of action."

It was stated that the meeting is planned to accomplish, among other things, the presentation of a program for incorporation, "of a counseling group so that an official body within the community can begin to function . . ."

Their announcement said:

School Staff Concerned

"The staff at Mount Miguel High School is concerned about the limited opportunity in the local communities for counseling and psychological services. The high school counselors, by job description, are restricted to academic counseling and therefore cannot directly assist with family and personal problems. An agency is needed to help those students whose academic work is unsatisfactory due to personal and family problems which are beyond the legal scope and responsibility of the high school staff."

This concern was acted upon by Mrs. Collette, who called a meeting for representatives of the Homeland Pastors' Association, representatives of the school, and PTA representatives last January.

Several more meetings have been held which have included professionals in the field of psychology and representatives of a number of agencies.

Mother Jailed For Check Spree

SAN DIEGO (CNA)—A 28-year-old mother was sentenced to 45 days in jail and ordered to pay restitution for her part in an East County check-writing spree.

Superior Court Judge Robert W. Conyers Friday granted Mrs. Shirley Jewell Anders, of San Diego, four years probation, the first 45 days to be spent in the county jail, and ordered her to repay $195 of the $859 loss to 10 East County merchants.

Mrs. Anders was accused of accompanying two men when they stole 36 payroll checks, 31 business checks and a check protector from the Baker Manufacturing Co., 9008 Olive Dr., Spring Valley.

She was charged with forging checks and accompanying the two men as they passed 10 checks Feb. 19, at the following places:

Big Bear Market, 920 Cardiff; Foster's Market, Casa de Oro; Valley Farm Market, Spring Valley; Rancher's Market, Lemon Grove; Thrifty Drug Store, Lemon Grove; Food Basket, 3205 Imperial, Food Basket, Grossmont Center; J. J. Newberry Co., College Grove; Sav-On Drugs, Spring Valley; and Valley Market, El Cajon.

Mrs. Anders said all she got out of the check-writing spree was $25 for a pair of shoes.

One of the men, William Chauncey (Dutch) May is in county jail awaiting sentencing Friday after pleading guilty to burglary and forgery.

The second reportedly was released from Municipal Court because of insufficient evidence.

Engineer Speaks At Men's Club

Modern transportation spells the basic difference between western civilization and much of the backward areas of the world, Jake Dekema, district engineer for the State Division of Highways, told members of the Lemon Grove Men's Club at their last meeting.

He was speaker at the group's weekly luncheon meeting and out-lined the current status and future plans for a number of freeway projects in the Lemon Grove-Spring Valley area.

He said that by 1972, the completion date for the state freeway system, freeways will carry 60 percent of all traffic in this area, while the land-use will be only 1 to 2 percent.

This week's speaker will be Bob Howell, Lemon Grove accountant, who will show sound movies of the 1965 Rose Bowl parade. Meetings are held each Friday following a noon no-host luncheon at Michaels.

GOD'S MINUTE

REV. H. C. BAKKEN

"THE CROSS"

After our Lord had risen from the dead He waited for His disciples in Galilee. He met them on the shore of the Lake of Galilee and He had breakfast waiting for them when they returned from fishing. He was not beyond recognition of their need of food and He Himself ate food before them to demonstrate the reality of the resurrection body. Life beyond this life is just as real as this life, even more so.

RAMBLIN'

WITH ED LOOP

About a month ago there was an epidemic of typewriter-dropping going on in this area. We

took in, for repairs, four typewriters in one week, and our service man fixed them all just like new.

We put a new ribbon on a fifty-year-old Corona portable the other day . . . what a machine . . . it was hinged so it could be folded in the center, making it about eight inches square when it was in the carrying case.

Items you may not know we have: paste pens, typewriter correction tape, tracing vellum, Dymo tapewriters and tape, ditto masters, erasable typewriter paper, adding machines, and hundreds of other items.

or another for the benefit of creditors.

As the number of business firms dwindle it leaves a vacuum into which steps someone else because the business done by the firm which failed is often picked up by another and larger firm. The new man is aware of the pressures of government. He wants to stay in business. He doesn't fight the bureaus. Thus, he is politically muzzled. He follows instructions of the government boys without question. He succumbs to the pressures of the politically-minded labor officials, and from stockholders who are afraid to resist the pressure. This leaves fewer and fewer buisness people to resist the onslaught of bureaucratic conirol and its smothering effects.

When the small businessman is gone it will be far easier for those who may have the desire, to install a facist corporate state — a one party oligarchy.

. . .

Some henpecked husbands may have considered getting an extension phone for the dog house. But one customer I heard about wanted an extension phone for the pigeon coop . . . and he got it. A homing pigeon racer, he'd be in the coop timing flight arrivals while other pigeon race fans were calling his house to see how the race was going. You might say he was all in a flap, running back and forth. And so he had a step-saving extension phone installed in the pigeon coop. Our installers aim to please.

Angler's Angles

A FISHY COLUMN

By JIM HURLEY

This week it was kids' day. My kids, that is. Every so often we throw in a family day, and with ages from 2 to 7 you can imagine what it is like.

It takes an hour to rig and bait five poles. We started with five poles and came home with four. Seems our 2-year-old liked the splash of things thrown overboard. Oh well, the fresh air really knocks them out in the evening.

I did bring home a 2½-pound sea bass. Our boat experiences were better this week than last. While waiting for my partner to park the car I was busily engaged in putting things in their right place when it seems that the back end of the boat was getting low.

I sudenly had the horrible thought that I don't think I put in two plugs . . . and sure enough, as my partner returned I was red-faced and bailing. Couldn't get the bailer on the motor to work. I discovered why, after getting home. The other end of it wasn't fastened to the motor.

As you can well guess, this boat business is new to me. If I don't sink it I may learn how to run this thing, and remember all these seemingly unimportant details like plugs.

Salton Sea Producing

Salton Sea is really producing between the wind storms. In fact, the fishing is rated tops. But watch the winds, which are still showing up about noon or so. Take mud suckers with you and pack them in sea lettuce—NOT deep water. This sea lettuce (wet) is the answer to keeping these litle fellows alive. We proved this to ourselves.

Upon arriving at Shelter Island Sunday morning we were told that there had been a 15 and an 8-pound halibut taken about 500 yards off the public pier. I still can't seem to snag one of these odd-shaped fish.

FISHIN' RESULTS

Sutherland — Bass fishing stable but nothing exciting. Bluegill still slow. That's about it for here . . . newsy, wasn't it?

El Capitan — Going down hill on bass. Bluegill better and a few channel cat. One lady caught 132 Bluegill weighing a total of 30 pounds.

Murray — Kids can still fish free here and it's just a few minutes away. So, Dad, take those kids over. How about this? Janice Lilley of Solano Beach, a 14-year-old girl, caught a 3¼-lb. trout on cheese. Hey, fellas, let's not be beaten by a girl. Tad La Bahn of La Mesa came cut with a 4½-lb. bass.

If you're going fishing here get a boat!! And fish in 25 to 30 feet of water. But call and make a reservation for that boat. Almost all boat fishermen took limits. The lake will be planted this week on Thursday.

Otay — This is the surprise of the times. Being a complete loss last year, this lake has done a complete turn-around this year. Here, again, take some mud suckers with you.

Matt Wilburn took a 5½-lb. blue cat with a total of 23½ lbs. overall. One woman took 34 crappie weighing 26 lbs. Like I said, this is the surprise of the year. This lake is producing 750 people, and I can prove this from last weekend.

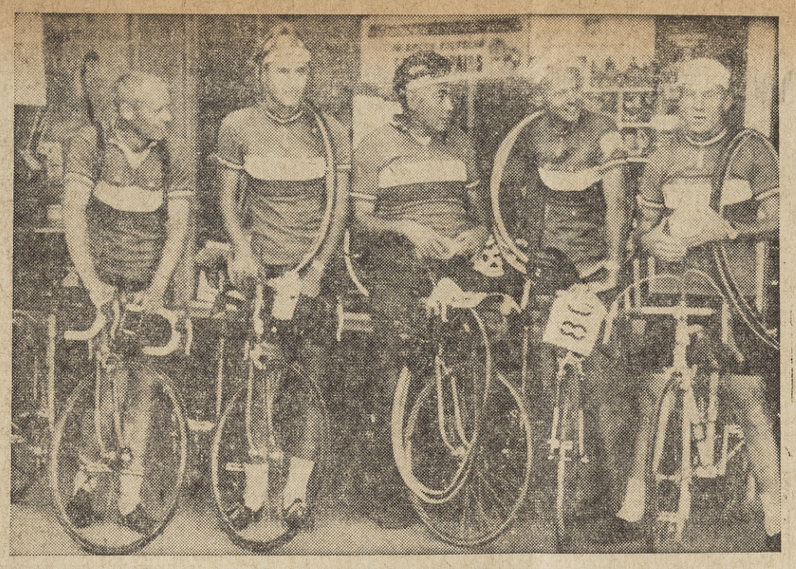

Jennings — Try bass fishing here and you may be surprised. Not big, but there are some here. Saturday and Sunday there were 596 fishermen, catching 767 trout weighing 764 lbs., with 171 limits in all. Channel cat are fair but small. Same for bluegill. Largest fish caught were a couple of 2¾-pounders and a 2-pounder. Overall fishing was down.

LG Explorer Post Hikes 30 Miles

Lemon Grove's only Explorer Post, 168, took a 30-mile hike recently in order to qualify for the Camel award of the San Diego County Council.

The trek started at 10 a.m., Saturday, and the Scouts covered fifteen miles by 4 p.m. The second day they left at 9 a.m. and completed the second fifteen miles in four hours.

For four of the boys and one of the advisors it was the fourth hike of this distance. They are Reno Harnish, Steve Lemire, Ronny Hall, Tony Sohr, and Mr. Vic Hall. Dave Joynt, Mike Lemire, and Mr. Reno Harnish have completed three such hikes, while Kit Harnish and John Bierly finished their second hikes. The combined total of miles for these hikers is about 870 miles. Post members believe their record has not been beten or equaled by any other scout organization in Lemon Grove or Spring Valley.

TRAINING FOR RACE — These five members of the Heartland Cyclers Bicycle Club have been riding from 25 to 30 miles a day since January as training for the May 30 international 126-mile bicycle race from Mexicali to San Felipe. They are Howard Fegan, Bruce Kennedy, Ed Bonnin, Bill Caldwell, and John Shalom. The team won a 2nd, 3rd, and 4th place in the recent Tour de Escondido.

Five Local Cyclists Train Hard For 126-Mile International Race

Five members of the Heartland Cyclers Bicycle Club will be among competitors in the 126-mile international Mexicali-San Felipe bicycle race May 30. They are Howard Fegan, Bruce Kennedy, Ed Bonnin. Bill Caldwell, and John Shalom.

They will be competing with top riders from the United States, Canada, Mexico, and Latin America. Many have been Olympic stars.

The team has been training since January at the rate of 25 to 30 miles a day, according to Bill Caldwell, who also operates Caldwell Cyclery at 9722 Campo Rd., Casa de Oro.

Placed at Escondido

"Our efforts paid off several weeks ago when we took a second, third and fourth place in the Tour de Escondido," he said. This is an annual race out of Escondido, Calif.

Caldwell and son-in-law John Shalom started in the Mexicali race last year.

"We lasted only 50 miles," he recalled. "It's hard to keep up with these tough young bike riders when they average 25 miles an hour. Occasional flat ground spurts bring their speeds up to about 37 miles an hour. Last year the race time was 5 hours and 20 minutes for the approximate 126 miles.

"This year we'll be happy if we can last out the race. It's hard work, but we're having lots of fun." he said.

WINDANSEA SURF CLUB TO PRESENT SURF FILM

The world famous Windansea Surf Club will present Greg McGilvery's much lauded "A Cool Wave of Color," a film about surfing on the California and Mexico coast lines. Along with "A Cool Wave of Color," personally narrated by Mr. McGilvery, the previews of his new film will be shown.

There will be two showings, at 6:30 and 8:30 Friday night, May 28 at the Pacific Beach Junior High School auditorium.

Club vice president Miller, who is organizing the affair, said many big name Windansea surfers will be on hand to answer questions. The movie he said, will be in conjunction with the Pacific Beach Surf Contest, which will be held that weekend under the auspices of the Pacific Beach Town Council.

Olympic Fighters Featured in Navy Relief Matches

The third annual Navy Relief boxing benefit matches will be held Wednesday at the Community Concourse, starting at 8 p.m., between the Camp Pendleton Marines and the Navy boxers.

The event will feature five members of the 1964 U. S. Olympic boxing team, and the ten fights will be refereed by Archie Moore.

The Ream Field team will be made up of eight all-Navy champions, three of whom were members of the Olympics team. The Marines offer two 1964 Olympic team members and six all-Marine champions.

Proceeds from the event will go toward Navy relief projects. Tickets sell for $5 for ringside; $3, reserved; and $1.50, general admission. They may be purchased at the Community Concourse, and at the Ream Field, Naval Station and Camp Pendleton special services offices.

The event is a return match of the Pacific Southwest AAU fights of last March, which the Navy team won for the first time in four years.

National Airlines reports that the number of visitors to Nassau from the eight Western States has risen 78.7 percent within the past four years.

Boaters Are Reminded Of New Lifesaver Law

SACRAMENTO — California's Division of Small Craft Harbors today reminded boaters that U. S. Coast Guard regulations in effect since last January 1 require that the buoyant material in kapok or fibrous-glass lifesaving devices be contained in heat-sealed plastic bags.

All such lifesaving devices manufactured since June 1958, embody the heat-sealed plastic bag and are so labeled. He also noted that the Coast Guard had given boaters nearly seven years in which to wear out and discard their unsealed cushions and life jackets.

A modern jet aircraft contains more than 60 miles of wiring and approximately 125 electric motors.

Grossmont College Wins In Annual Pistol Match

Host Grossmont College won 20 of 28 awards in the First Annual Intercollege Pistol Match, held recently at the Convair Recreation Range in El Cajon.

Eight colleges from Southern California took part in the event, which was sponsored by the Criminology Club of the college. Grossmont's John Stafford of Lemon Grove topped the individual class, and the GC women's team took first place. Ventura College won the men's team event. GC instructor Vincent Alfaro won the instructor's contest.

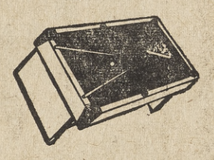

More than 150,000 copies of the Warren Report in the assassination of Pres. Kennedy have been sold to date.

June Grads Sought By Army Recruiter

With graduation just around the corner, seniors planning to enter military service are urged by the area Army recruiting officer to reserve their choice of technical training under the Army's Graduate Specialist Program.

M.Sgt. Edward R. Edwards of the U. S. Army Recruiting Station in El Cajon reported this week that thousands of Southern California's June high school graduates have passed their Army examinations in preparation for Regular Army enlistment following graduation.

He attributed the popularity of Army enlistments to the "Choice—Not Chance" program. Under this program qualified applicants enlisting for three years may make their selection from many opportunities. The list includes 100 technical schools, 33 vocational training options, and several overseas assignments.

Pre-Graduation Processing

Sergeant Edwards explained the pre-graduation processing provides the applicant with vocational counseling, aptitude and mental testing, and a complete physical examination prior to enlisting.

Each applicant will need a letter from his or her high school principal or guidance counselor to the effect that he or she will graduate.

Further information about the Graduate Specialist Program may be obtained on contacting Sergeant Edwards or O'Keefe at the Army Recruiting Station, 356 N. Magnolia ave., El Cajon, or by phoning 442-5700.

Palms were one of the first symbols of victory.

'Olde Tyme Days' Are Coming To Lemon Grove on Thursday

3 Shopping Days Feature Bargains, Prizes

Thursday, Friday, and Saturday will be "Olde Tyme Days" in Lemon Grove, featuring three days of special values for shoppers, an antique auto parade, and prizes galore for the lucky winners.

Lemon Grove merchants will offer special values during the three days. Tickets for sweepstakes prizes to be awarded Saturday may be obtained by shoppers all three days at Lemon Grove stores.

The Antique Auto Caravan is scheduled to arrive at 10:30 a.m. Saturday, coming east from Freeway 94 on Broadway, and south on Imperial to the Food Basket parking lot.

25 Oldies Coming

There will be about 25 old-time cars carrying 75 or more people, many especially attired in keeping with the vintage of their cars. During the half-hour break at the parking lot, members of Jobs Daughters will serve the caravan coffee and lemon pie.

The awarding of prizes will take place at the parking lot after the caravan leaves.

The Lemon Grove Chamber of Commerce "Olde Tyme Days" promotion has been organized by the chamber's Merchants' Division. Sparkplugs have been Al Woods, C of C president; Chuck Buckles, vice president; Bob Mastny, merchants' division chairman; Bob Browne; Merle Webber; Charles Hesser; and Ray Stevens.

Olympic Fighters Featured in Navy Relief Matches

The third annual Navy Relief boxing benefit matches will be held Wednesday at the Community Concourse, starting at 8 p.m., between the Camp Pendleton Marines and the Navy boxers.

The event will feature five members of the 1964 U. S. Olympic boxing team, and the ten fights will be refereed by Archie Moore.

The Ream Field team will be made up of eight all-Navy champions, three of whom were members of the Olympics team. The Marines offer two 1964 Olympic team members and six all-Marine champions.

Proceeds from the event will go toward Navy relief projects. Tickets sell for $5 for ringside; $3, reserved; and $1.50, general admission. They may be purchased at the Community Concourse, and at the Ream Field, Naval Station and Camp Pendleton special services offices.

The event is a return match of the Pacific Southwest AAU fights of last March.

A June Bride's Journey... ...With Her Mother

Produced By
Betty Seymour Robinson

Photographed By
Fred P. Wolfe Portrait Studio
1906 SKYLINE DRIVE, LEMON GROVE

Our lovely 1965 Summer Bride-elect is Lily Elaine Wallace, daughter of Mr. and Mrs. Ellsworth A. Wallace, 3615 S. Barcelona Ave., Spring Valley. Her parents have announced her engagement to Gordon Lee Hall, son of the late Mr. and Mrs. E. G. Hall of San Diego. The native Californian bride-to-be, a graduate of Monte Vista High School, and her finance will be married June 26.

Miss Wallace and her mother inspect a homesite shown to them by Realtor Chet Smith overlooking Spring Valley from the heights on Vista Drive. Mr. Smith is chairman of the education committee of the San Diego Realty Board.

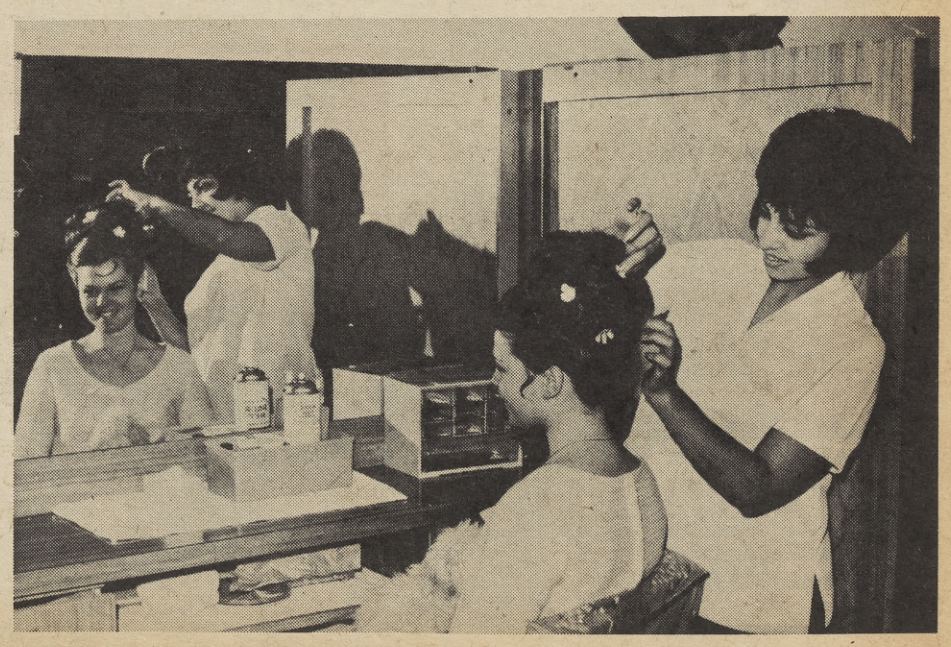

The latest style in white patent wedding slippers is admired by Miss Wallace at Brumley's Shoes, 7763 Broadway, Lemon Grove, with the assistance of manager Leonard S. Farness.

Our lovely Summer Bride-elect, Miss L. Elaine Wallace, presents an enchanting vision in an expensively simple wedding creation she tried on in the bridal department while shopping at The Broadway in Grossmont Center.

On her shopping tour Miss Wallace admires an exquisite table setting of Vera Royal Worcester dinner ware in the china department of Walker Scott Co., College Grove. The buyer, Gerald Harcourt, showed our Summer Bride and her mother many fine settings.

Hovering over the beautiful hair of our pre-wedding shopper is Miss Bernie Barrack, chief beautician at Charles' Hair Stylist Salon in College Grove. She is putting the finishing touches to the bridal bouquet coiffure, which she created especially for Miss Wallace.

Stricter Gun Laws, Lower Taxes Asked of Van Deerlin

Voters of the 37th Congressional District who responded to a questionnaire from Rep. Lionel Van Deerlin emphatically ask for stricter laws regulating the right to buy or own a gun.

Results of Van Deerlin's 1965 "Washington Questionnaire" were announced this week. Returns totalled 15% considered high for a Congressional poll. A questionnaire was sent to every household in the 37th District.

On the gun question, 60 out of every 100 respondents voted for stricter laws. Only four out of 100 were undecided, indicating strong opinion on the subject.

On the issue of federal excise taxes, voters who agreed that such taxes should be cut voted heavily for the following order of cut: appliances, cosmetics, theater tickets, furs and jewelry, cigarettes and tobacco, and liquor.

To Van Deerlin's catchall question as to how he could be of greatest help, the predominant concern was with obtaining new jobs for the area, through industry and contracts. He was also advized: keep the people informed and keep up the good work; watch the government dollar, and stay honest and vote your conscience.

To the remaining 10 questions, here are the round percentage responses, first to those questions requiring a favor, oppose or undecided answer.

Medicare: 53% favor; 40% oppose; 7% undecided.

More federal help for schools: 52% favor; 35% oppose, and the rest either undecided or with other opinion.

Five questions required a yes, no or undecided answer:

If federal money is used to assist public schools, should it also be made available under limited programs to children in private and parochial schools? Yes, 36%; no, 60%; undecided, 4%.

Is it a proper function of government to provide birth control information?: Yes, 68%; no, 24%; undecided, 8%.

Should the military draft be ended now? Yes, 27%; no, 62%; undecided, 11%.

Transportation Opinions

Should the Federal Government help underwrite the cost of developing faster commercial transportation - railroad trains at 200 mph, and a railroad ger plane to fly three times the speed of sound? Yes, 30%; no, 54%; undecided, 16%.

On President Johnson's anti-proverty program, 37% favored expansion; 26% said it already goes too far; 16% didn't know much about it, and 21% had ideas different from any of these possible answers.

In rating Robert McNamara as Secretary of Defense, 39% said he is doing a good job: 19% a fair job; 31% a poor job, and 11% were undecided.

The question was asked whether Section 14B of the Taft-Hartley law should be repealed. The section related to permission given to states to enact "right to work" laws. Retention was favored by 68%, repeal by 24%, and 8 per cent were undecided.

RAMBLIN'

WITH ED LOOP

About a month ago there was an epidemic of typewriter-dropping going on in this area. We

took in, for repairs, four typewriters in one week, and our service man fixed them all just like new.

We put a new ribbon on a fifty-year-old Corona portable the other day . . . what a machine . . . it was hinged so it could be folded in the center, making it about eight inches square when it was in the carrying case.

Items you may not know we have: paste pens, typewriter correction tape, tracing vellum, Dymo tapewriters and tape, ditto masters, erasable typewriter paper, adding machines, and hundreds of other items.

$4 Million Requested For Recreation in '65

State Administrator of Resources Hugo Fisher, appearing before federal recreation authorities in Washington, has made the case for California's eligibility to receive some $4 million in federal grants for outdoor recreation purposes in 1965 and possibly larger annual grants thereafter.

Fisher presented California's Outdoor Recreation Plan at a meeting called by the U. S. Bureau of Outdoor Recreation. The Bureau is now reviewing California's plan to verify its compliance with the terms of the federal Land and Water Conservation Fund Act through which the funds will be available starting July 1.

The act, which became effective Jan. 1, is expected to annually provide from $150 to $200 million in outdoor recreation grants to the states. The funds will come from the sale of surplus federal lands, existing federal tax on pleasure boat fuels, and modest user fees to be charged at some federal outdoor recreation areas.

Five Local Cyclists Train For 126-Mile

Five members of the Heartland Cyclers Bicycle Club will be among competitors in the 126-mile international Mexicali-San Felipe bicycle race May 30.

They are Howard Fegan, Bruce Kennedy, Ed Bonnin, Bill Caldwell, and John Shalom.

They will be competing with top riders from the United States, Canada, Mexico, and Latin America. Many have been Olympic stars.

The team has been training since January at the rate of 25 to 30 miles a day, according to Bill Caldwell, who also operates Caldwell Cyclery at 9722 Campo Rd., Casa de Oro.

Placed at Escondido

"Our efforts paid off several weeks ago when we took a second, third and fourth place in the Tour de Escondido," he said. This is an annual race out of Escondido, Calif.

Caldwell and son-in-law John Shalom started in the Mexicali race last year.

"We lasted only 50 miles," he recalled. "It's hard to keep up with these tough young bike riders when they average 25 miles an hour. Occasional flat ground spurts bring their speeds up to about 37 miles an hour. Last year the race time was 5 hours and 20 minutes for the approximate 126 miles.

"This year we'll be happy if we can last out the race. It's hard work, but we're having lots of fun." he said.

More than 150,000 copies of the Warren Report in the assassination of Pres. Kennedy have been sold to date.

TRAINING FOR RACE — These five members of the Heartland Cyclers Bicycle Club have been riding from 25 to 30 miles a day since January as training for the May 30 international 126-mile bicycle race from Mexicali to San Felipe. They are Howard Fegan, Bruce Kennedy, Ed Bonnin, Bill Caldwell, and John Shalom. The team won a 2nd, 3rd, and 4th place in the recent Tour de Escondido.
